DFS and BFS Path example

Start at the black 1 position
Goal getting the red 15 position

What is DFS path?
What is BFS path?

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15

Breadth First Search:

1->2->3->4->5->6->7->8->9->10->11->12->13->14->15

Depth First Search:

1->2->3->4->5->10->15
